

Curriculum Vitae

** CV must be written in English*

Personal Information	
Title (i.e. Pf., Dr., etc.)	Dr.
Name (First Name/ Middle Name /Last Name)	Manasi Agrawal
Degree (i.e. MD, MSc, PhD, etc.)	MD, MS
Country	USA
Affiliation	Icahn School of Medicine of Mount Sinai
E-mail	manasi.agrawal@mountsinai.org
	
Educational Background	
<p>Dr. Agrawal graduated from Gandhi Medical College, India, with academic distinctions in multiple subjects and received the Indian Council of Medical Research scholarship. Dr. Agrawal trained in Internal Medicine at Maimonides Medical Center, Brooklyn New York and in Gastroenterology at Montefiore Medical Center, Albert Einstein College of Medicine in the Bronx, New York. She completed advanced fellowships in IBD at Lenox Hill Hospital Northwell Health and at the Icahn School of Medicine at Mount Sinai, New York. She completed Masters in Biostatistics at Columbia University, Mailman School of Public Health, New York. She is also pursuing PhD at the Center for Molecular Prediction of IBD (PREDICT), Aalborg University, Copenhagen, Denmark.</p>	
Professional Career	
<p>Manasi Agrawal, MD, MS, is an Assistant Professor of Medicine at the Icahn School of Medicine at Mount Sinai and a gastroenterologist at the Mount Sinai Hospital, with focus in inflammatory bowel disease (IBD). Dr. Agrawal completed IBD fellowship at Mount Sinai and Masters in Biostatistics at Columbia University, Mailman School of Public Health, New York.</p> <p>Dr. Agrawal is a clinician researcher, specializing in the care of patients with IBD at the Susan and Leonard Feinstein IBD Clinical Center, Mount Sinai, New York. Dr. Agrawal is also involved in writing guidelines relating to IBD care with the American Gastroenterological Association and European Crohn's and Colitis Organization.</p>	
Research Field	
<p>Dr. Agrawal's research is in clinical and molecular epidemiology, pertaining to IBD prediction and prevention, with particular focus on environmental pollutants and the early life period. She is also interested in study of rising IBD in developing and recently developed countries and the care of patients from these regions and comparative effectiveness of therapies.</p> <p>Dr. Agrawal is supported by the National Institute of Diabetes and Digestive and Kidney Diseases K23 Career Development Award, the International Organization for the Study of IBD, The Crohn's and Colitis Foundation, American College of Gastroenterology, European Crohn's and Colitis Organization, among others. Dr. Agrawal is passionate about equity in healthcare and in academia.</p>
